

I M P O R T A N T

TURN OFF POWER AT MAIN FUSE OR CIRCUIT BREAKER BOX BEFORE STARTING INSTALLATION.

- 1) Carefully unpack and identify all parts before starting assembly. Bulbs are not Included.
- 2) Thread fixture wire and ground wire thru top center pipe. Then screw top center pipe into center body.
- 3) Thread fixture wire and ground wire from top center pipe thru top font and loop.
- 4) Screw top font onto top center pipe, making certain no slack of wire remain in between.
- 5) Screw loop onto top font, making certain no slack of wire remain in between.
- 6) Install candle cover and bulb onto sockets. Bulbs are not included. See relamping label near socket area for type and maximum allowed wattage.
- 7) Install bottom threaded pipe (threaded ends with smooth center) into bottom of center body. Note: Short threaded end of pipe screws into center body.
- 8) Slip main frame and lower frame onto assembled lantern and lock into place with finial at bottom.
- 9) Follow enclosed "Chain Suspended Fixture Installation Instructions" for electrical and fixture installation to outlet box.
