

ASSEMBLY INSTRUCTIONS

STYLE# 28200-1

Careful unpack all lamp parts from the carton.

1. Take the lamp carefully out of the Carton, and place it on a flat surface.
2. Thread **Part A** into **Part B** by turning **Part A** clockwise to tighten until snug.
3. Insert the **Arm** into the top of the **Base** while pulling excess cord where it exits the **Base**. Attach **flat washer** and **Hex nut** to the threaded rod of **Arm**. The **Flat Washer** and **Hex Nut** are pre-positioned on the cord. Tighten the **Hex Nut** by using **wrench** enclosed in the parts bag
4. Install correct Bulbs referring to fixture markings and /or labels for maximum wattage. (Not Included)

IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.
